my Pearson Training offers flexible delivery options to meet your needs and schedule. We provide convenient access to a wide range of program and platform training solutions. Based on the program's specific training offerings, you may have access to the following:

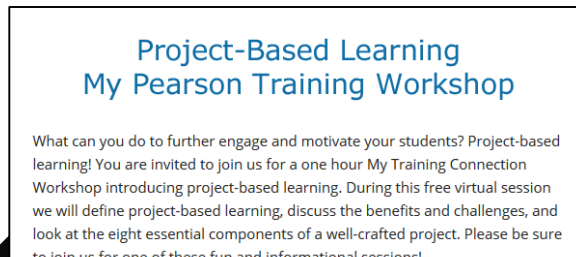

On-Demand Tutorials
 Concise product training on both curriculum and management system features and tasks in a matter of minutes

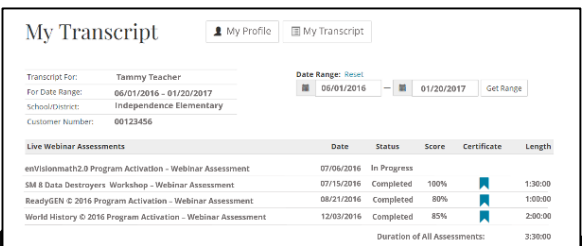

Library of Training Resources
 Including user guides, training guides implementation ideas, back-to-school tips, end-of-year procedures, and more.

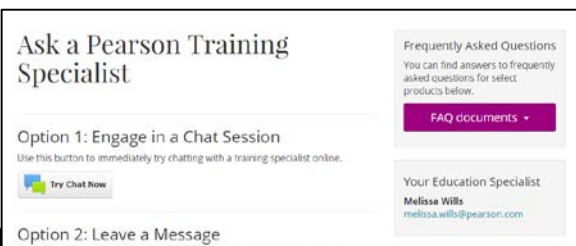

Virtual Training Sessions
 Live sessions, on the topic of your choice, that are self-scheduled with the option to sign up as a single participant or as a group

Virtual Workshops
 Focused training opportunities on key topics such as RTI, Project-based Learning, and many other current educational topics to strengthen your implementation

Transcript Tracking and Reporting
 Keep track of your completed training and professional development tasks

Chat and Email Support
 Connects you with a Training Specialist to answer questions quickly about your program or implementation
